Sondra Harnes
Founder/Artistic Director
World Children's Choir
4022 Hummer Road, Suite 109
Annandale, VA 22003 - USA

Dear Ms. Harnes,

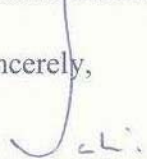

On behalf of the Jordan River Foundation, I take this opportunity to commend your efforts and those of the Friendship Ambassadors Foundation for this beneficial and valuable initiative.

The Jordan River Foundation is proud to be part of the project that aims at promoting international friendship and understanding through cultural exchange and community service.

Protecting the rights and securing the needs of children has always been at the heart of JRF's vision to contribute to healthier, self-reliant and aspiring communities. Within that vision, JRF believes in the significance of art in all its forms as an educative medium through which children can get in touch with their inner selves, realize their capacities and express their thoughts and feelings.

The variety of activities that will be conducted as part of the World Children Choir's project in 2010 and 2011 will translate the vision of JRF to promote and develop cross-cultural understanding and dialogue.

Sincerely,

Valentina Qussisiya
Director General
